Welcome

The International Federation of Automatic Control (IFAC) is pleased to announce the 12th IFAC Symposium on Advanced Control of Chemical Processes (ADCHEM 2024) that will be held in Toronto, July 14-17, 2024.

The International Program Committee is preparing an exciting scientific program that explores recent advances in the control of chemical, biochemical and related process systems. Both academic and industrial control engineers will have the opportunity to present their work and exchange research ideas with colleagues from across the globe.

Organizing Committee

- Prof. Christopher Swartz, McMaster University
- Prof. Kimberley McAuley, Queen's University
- Dr. Danielle Zyngier, Ingram Micro
- Prof. Simant Upreti, Toronto Metropolitan University
- Prof. Luis Ricardez-Sandoval, University of Waterloo
- Prof. Biao Huang, University of Alberta
- Prof. Vinay Prasad, University of Alberta
- Prof. Bhushan Gopaluni, University of British Columbia
- Prof. Carl Duchesne, Laval University
- Prof. Syed Imtiaz, Memorial University
- Ms. Sophie Felleiter, Queen's University

International Program Committee

- Prof. Martin Mönnigmann, Ruhr University Bochum
- Prof. Ali Mesbah, University of California Berkeley
- Dr. Pablo Rolandi, Amgen

Conference Location

The IFAC ADCHEM 2024 Symposium will be held in Toronto, 14-17 July 2024.

Venue

Toronto is a vibrant, cosmopolitan city, renowned for its international flavor and inspiring diversity. It is Canada's largest city and a world leader in business, finance, technology, entertainment, and culture. One of the world's top convention cities, there's something for everyone. You'll find a friendly population, world-famous gastronomy, and an atmosphere of celebration!

Previous Symposia

The ADCHEM Symposium is held every 3 years, with the most recent taking place in Venice (2021), Shenyang (2018), and Whistler (2015), with a typical attendance of approximately 250 attendees.
